VKBA 6762 – OE/SKF Wheel bearing design evolution

AUDI A6, A7, Q5

OE/SKF Wheel bearing design evolution

| SKF kit | Car Make | Kit OE Nb | Start date | End date |
|-----------|-----------------|-------------|------------|----------|
| VKBA 6762 | AUDI A6, A7, Q5 | 4G0 598 611 | 01-11-2010 | Open |

In line with OE specifications, the bearing included in the SKF kit VKBA 6762 will have a flange design shape change from batch code 2019 R.

This design optimization is in line with the OE bearing quality and performance. The mounting operations are identical for both bearings. Both bearing versions can be fitted on above applications.
