

## Starter DSN2039

DSN2039: Supersedes DSN939

- > DENSO is pleased to announce that part number DSN2039, recently introduced to our AM range, supersedes and also covers the applications formerly linked to part number DSN939.
- > DSN2039 design is fully equivalent in fit, function and form with the exception of the switch inner gasket material which has changed to heat resistant material.
- > Thus, DENSO has further improved the quality for increased lifespan and maintenance-free operation.
