

## SI2019-012

### Regarding 8DB 355 012-941 (T1658) → 8DB 355 025-401 (T2640) / 8DB 355 025-411 (T2641)

To optimize the product specification for the brake pad set 8DB 355 012-941 and in order to underline and follow the OE approach it was decided to add accessory kits to the set.

Depending on the vehicle specification two different accessory kits are needed. In order to meet those requirements, the 8DB 355 012-941 has been split into two different part numbers, so that customers can easily choose the right part number for their needs.

8DB 355 012-941 will be replaced by 8DB 355 025-401 (incl. sliding shims with 27.8 mm gap) and 8DB 355 025-411 (incl. sliding shims with about 18 mm gap). Please see the differences in the pictures below.
