

## SI2019-013

### Regarding 8DB 355 012-931 (T1657) → 8DB 355 020-651 (T2264) / 8DB 355 020-661 (T2265)

To optimize the product specification for the brake pad set 8DB 355 012-931 and in order to underline and follow the OE approach it was decided to add accessory kits to the set.

Depending on the vehicle specification two different accessory kits are needed. In order to meet those requirements, the 8DB 355 012-931 has been split into two different part numbers, so that customers can easily choose the right part number for their needs. Furthermore the new references will be equipped with two wear indicators instead of one.

8DB 355 012-931 will be replaced by 8DB 355 020-651 (incl. sliding shims with 28.7 mm gap) and 8DB 355 020-661 (incl. sliding shims with 31.6 mm gap). Please see the differences in the pictures below.
