Installation notice

LuK DMF 415 0363 11

Manufacturer: Nissan

Models: Navara (D40)
Pathfinder (R51)

Model years: 2005 - 2009

Engine: YD25DDTi

LuK DMF: 415 0363 11

LuK
RepSet: 626 3077 00

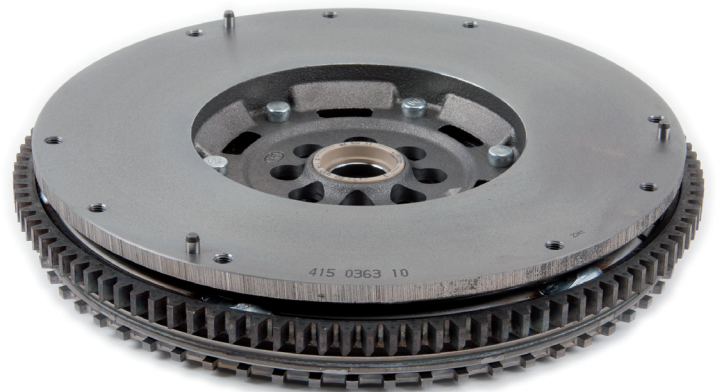

Fig. 1: LuK DMF 415 0363 11

The Nissan Navara and Pathfinder models are often subjected to extremely demanding operating conditions. Constant off-road or towing operation can cause premature wear of the clutch and dual mass flywheel (DMF).

If, in the course of repairs, the DMF is to be replaced, Schaeffler Automotive Aftermarket recommends using LuK RepSet 626 3077 00. The larger diameter clutch contained in this kit provides higher transferable torque under high loads than the one installed as standard production.

LuK RepSet 626 3077 00 can be used in combination with the factory-installed DMF or with LuK ZMS 415 0363 11.

Please observe the vehicle manufacturer specifications!
