## Information

- ▶ Due to different vehicle applications of the VW OAF transmission there are two LuK GearBOX sets (462 0055 10 / 462 0212 10). These differ in the gearbox side bearings of the input and output shaft (double bearing with cast or sheet metal housing).
- ▶ This set contains the ball bearings (see No. 2 + No. 4) for the cast housing. The ball bearings of the cast housing will be replaced, which means cost savings compared to the OES version (cast housing + bearing).
- ▶ The exact part number is determined by the transmission ID.
- ▶ Repair instructions are available from the vehicle manufacturer.
