Replacement of 61-52252-00 cylinder head gasket as well as the associated head and full sets

The following changes have been made for Mitsubishi 4D56T and 4D56TD engines in order to improve service life at high mileage readings.

- The graphite **61-52252-00 (OE No. MD112531)** cylinder head gasket (CHG) has been replaced by AFM version **61-52252-30 (OE No. MD302892)**.
- We also offer the following repair thicknesses (in AFM):
 - 61-52252-10 OE No. MD302890**
 - 61-52252-20 OE No. MD302891**
 - 61-52252-40 OE No. MD302893** (extra thick at 1.6 mm)
- The **01-52252-01** full set (including CHG) has been replaced by **01-52252-02** (without CHG).
- The **02-52252-01** full set (including CHG) has been replaced by **02-52252-02** (without CHG).
