

PROMOTIVE EFB

740500120K182

Vehicles with high energy demands and basic hoteling functions.

The VARTA ProMotive EFB is engineered to exceed the rigorous demands of heavy commercial vehicles. Built to deliver exceptional power and reliability, it's the ideal choice for vehicles with high energy requirements, including those equipped with basic overnight hoteling

VEHICLE KEY BENEFITS

	3x cycle life	3x cycle life compared with a conventional battery.
	High energy demands	Engineered to meet the most demanding energy requirements.
	Basic Hoteling	For basic energy demands, i.e. parking coolers/heaters, up to three nights/week.
	High vibration resistance	Built to withstand extreme road conditions and fitment at the end of frame with high vibration resistance.
	End of frame installation	Suitable for end of frame installation.
	Original equipment spare part	Meets all OE criteria from the vehicle manufacturer.
	Engineered in Germany	Engineered with precision and expertise in Germany.
	Made in Europe	Produced to the highest European standards ensuring best in class manufacturing quality.
