

PRODUCT SHEET

ARTICLE NUMBER: GAT5199

DESCRIPTION: Crankshaft Position Sensor Setting Pins

INTRODUCTION

GAT5199 are crankshaft position sensor setting pins that can be used in association with the engine setting and locking tool kit **GAT5105**. The tool is used on 2.0L, 2.2L & 2.4L camshaft chain driven diesel engines fitted in numerous light commercial and various passenger vehicles found in Citroën, Fiat, Ford and Peugeot models.

GAT5199 can assist with the correct setting of the crankshaft sensor position and can be used to set the engine in the correct position.
