

Helpful information for workshops

Lambda sensors online: qualified information for workshops

- ▶ Installation and removal instructions
- ▶ Tips for the diagnosis
- ▶ Comprehensible cutaway views
- ▶ Functional drawings
- ▶ New! Interactive diagnostic procedure:
The right diagnosis – step by step
- ▶ Download area for catalogs,
brochures and workshop posters

Useful information for drivers

- ▶ The impact of lambda sensors on reduced fuel consumption, environmental protection and fun to drive
- ▶ The advantages of Bosch lambda sensors
- ▶ Maintenance intervals of lambda sensors

Driven by efficiency

Bosch technologies are used worldwide in almost all vehicles. People, and assuring their mobility, is what we are focused on.

Therefore, we have dedicated the last 125 years of pioneering spirit and expertise in research and manufacturing to achieving this.

We continue to work on our unique combination of solutions for spare parts, diagnostic devices, workshop equipment and services:

- ▶ Solutions for efficient vehicle repairs
- ▶ Innovative workshop equipment and software
- ▶ The world's most comprehensive range of new and replacement parts
- ▶ Large network of wholesale customers, for quick and reliable parts supply
- ▶ Competent hotline support
- ▶ Comprehensive educational and training offers
- ▶ Targeted sales and marketing support

Lambda sensors since 1976: with the inventor's know-how

Bosch lambda sensor

40 years, 1 billion lambda sensors, the world's 1st choice

Benefit from more than 40 years of experience in lambda-sensor production. Since Bosch invented lambda sensors back in 1976, Bosch plants have produced more than one billion of them.

Reliability is our trademark: Bosch

- ▶ The major supplier of original equipment to all renowned vehicle manufacturers
- ▶ Bosch delivers the same high quality to aftermarket and workshop sectors as for original equipment.

No tedious searching: simple, quick and reliable

The full range at a glance

Bosch catalogs and the standard electronic media (Bosch ESI[tronic] and Tecdoc):

- ▶ Target-oriented vehicle diagnosis
- ▶ Arranged by original part numbers
- ▶ Contain accurate information and full details on applications

The full package from your wholesaler

- ▶ Fast delivery
- ▶ Constant availability
- ▶ Expert advice

Full service – and everything fits together perfectly.

Full service for your customers

- ▶ The right lambda sensor for all major vehicle makes
- ▶ Always using state-of-the-art technology
- ▶ Guaranteed Bosch quality
- ▶ Quick and easy installation saving both time and money

Quick and easy installation

Bosch makes it easy to replace lambda sensors:

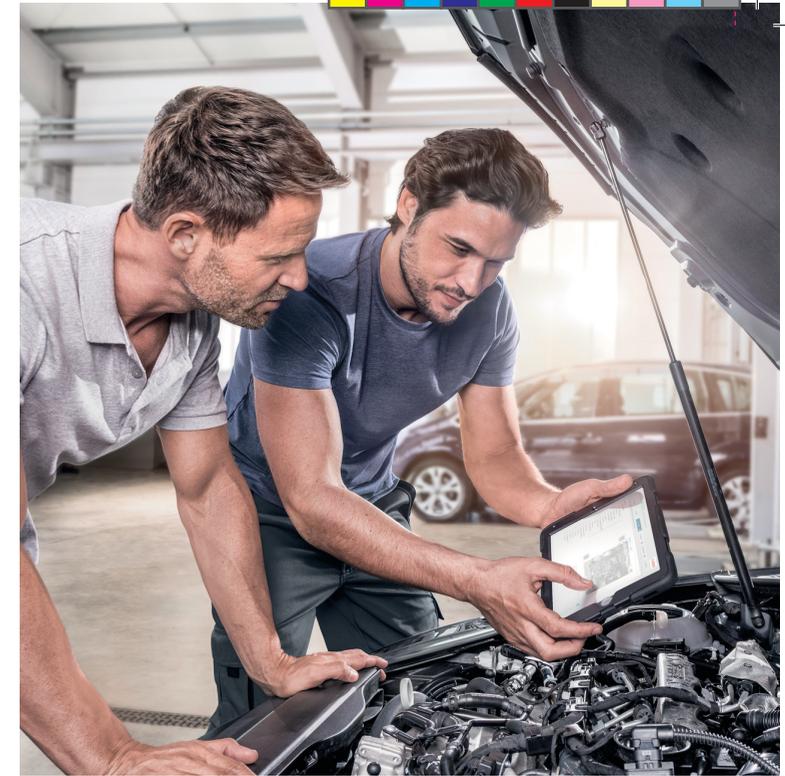

- ▶ Pre-greased thread
- ▶ Plug & play – no extra work

The right choice

- ▶ All Bosch lambda sensors are made to measure – and thus just right – for each vehicle model.
- ▶ The right sensor
- ▶ The right cable
- ▶ The right connector

Bosch supplies the right lambda sensor for your specific demand.

- ◀ Final check of Bosch lambda sensors at the Rutesheim plant, Germany

Determining the right sensor type – very easy with ESI[tronic] 2.0

The advantages of Bosch lambda sensors:

- ▶ As inventor and highly experienced manufacturer with more than 1 billion produced lambda sensors, Bosch offers the most comprehensive range of lambda sensors – also for diesel vehicles.
- ▶ No waste of time and effort: With Bosch, finding the right lambda sensor for each vehicle model couldn't be any easier.
- ▶ Confidence-building: Supply your customers with top-quality replacement parts from Bosch – complying with high environmental standards and featuring both high, fuel economy and a long service life.
- ▶ Simply safer for the replacement: Bosch lambda sensors perfectly fit the respective vehicle.
