

**4-year warranty for  
MEYLE-HD parts!**

## Strong performance in a new look: MEYLE-HD control arm kit for BMW and MINI

### Better than OE:

20% lighter than OE:

- Aluminium MEYLE-HD control arm: 4.2 kg
- OE control arm: 5.1 kg

### MEYLE engineers involved:

MEYLE experts accompany every step of the process - from the initial idea to production as well as quality tests

### Performs longer and better:

Forged aluminium control arm for long life and improved corrosion resistance

### Cost reduction:

The ball joint is individually replaceable

### Strong MEYLE-HD ball joint:

Higher durability through enlarged ball pins

### Better than OE: Confirmed by TÜV Nord

The durability of the new MEYLE-HD control arm has been confirmed in an independent TÜV Nord test report commissioned by MEYLE. The MEYLE part was tested in comparison to the OE part.

[The TÜV report for the MEYLE-HD control arm kit was issued exclusively for the operational strength criterion. Further criteria were not tested.]
