

## SWAG 20 92 4316

SWAG®

To Fit:  
BMW 3 Series, Z3 E36, Z4 E85 Models.

EN

### Strut Mounting

SWAG 20 92 4316 has improved the internal design and material. The modified febi strut mounting also has an alignment pin, this allows the mounting to fit into the Z 4 models.

However, when installing this part to E 36 or Z 3 models, please note the alignment pin in the new support mounting must also be removed before installation!
