

TIMING BELT COVERS

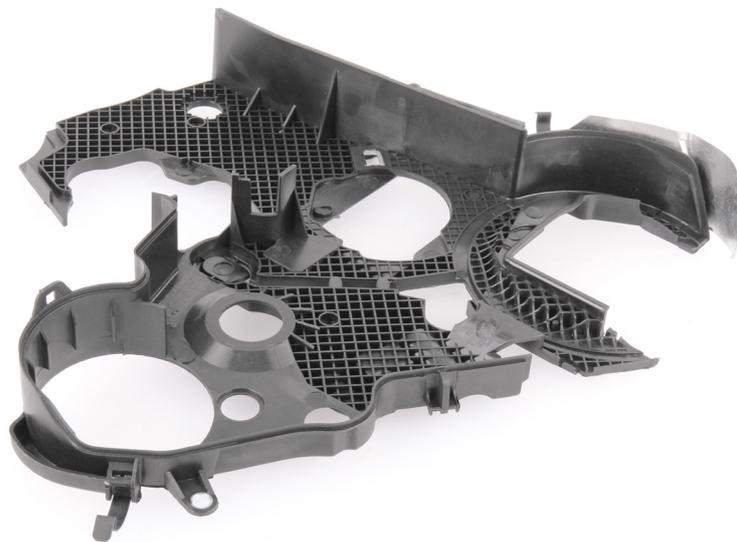

BELT DRIVE | 12001

Function

The timing belt cover protects the timing belt from foreign objects such as dirt. Without this protection, the timing belt may be severely damaged and eventually lead to engine damage. The timing belt cover also protects against human injuries caused by accidental contact with the chain.

Our Tip

We recommend to replace the timing belt cover when replacing the timing belt. As a precaution, we also suggest to regularly check the cover for cracks or other damage.

SYMPTOMS

- Rattling or knocking noise
- Broken or damaged timing chain

CAUSES OF FAILURE

- Accident
- Improper installation
- Wear-out

CONSEQUENTIAL DAMAGES

- Engine damage
