

TECHNICAL REPORT

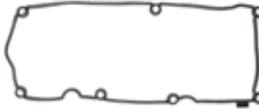

Rocker cover gasket selection
REF: 11133200 & 11133300 in
VAG group engines

SCOPE

Indicate the **main differences** between reference 11133200 and 11133300 in order to help our customers to choose the correct gasket according to the rocker cover of the engine.

DESCRIPTION

The 1.6 and 2.0 TDi of VAG group engine uses **two different types of rocker cover**. Therefore, Ajusa has developed both gaskets being easily detected on a protruding in the gasket.

REF OEM	REF AJUSA	
04L 103 483	11133300	
03L 103 483 S	11133200	

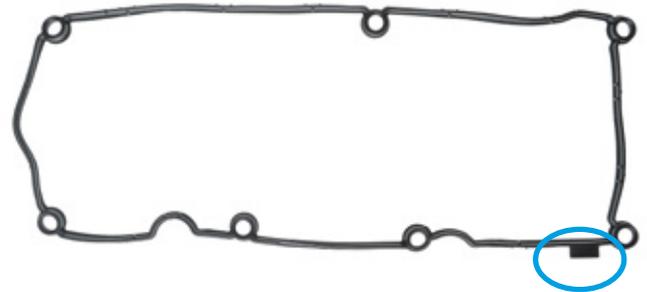

The **engines with both mounting possibilities** of gasket are the following:

AUDI	SEAT	SKODA	VW
CLHA, CNHA, CRBC, CRBD, CRFA, CRFC, CRKB, CRLB, CRUA, CSUD, CSUE, CUNA, CUVC, CUWA, CXMA, CYLA, CZJA, DBBA, DFTA	CKFC, CLHA, CLHB, CRBC, CRKB, CRLB, CRMB, CRVA, CRVC, CUNA, CUPA, CUVA, CXXB, DBKA	CKFB, CKFC, CLHA, CLHB, CRKB, CRVC	CKFC, CLHA, CRBC, CRLB, CRVA, CRVC

Next, the **differences between both gaskets** are shown, as well as we underline the protruding where it can be identified in the rocker cover.
