As part of the ongoing development of our products, we have changed the bearing surface of idler pulley **532 0294 10** from plastic to metal.

During the transition phase therefore it is possible that idler pulleys with plastic or metal rollers will be shipped.

Note:

Despite their different versions, both idler pulleys are fully compatible with the vehicles indicated in the catalogue.

Note the specifications of the vehicle manufacturer!

Appropriate spare parts can be found in our on-line catalogue at www.Schaeffler-Aftermarket.com or in RepXpert at www.RepXpert.com.
