 (2) 038 109 243 N
 (3) 06D 109 243
 (4) 06D 109 243 B

Item nos.: (1) 531 0524 30
 (2) 531 0440 30
 (3) 531 0678 30
 (4) 531 0777 10

Image 1: Improved race coating – item no. 531 0524 30 shown here as an example

As part of our continuous efforts to improve our products, the coating of the drive wheels on the specified tensioner pulleys has been modified. The new surface is more durable than the old design.

During the transitional phase, we may have mixed stocks of both designs. Both versions fulfil the relevant technical specifications and can be used without restrictions.
