

Service Info

Deflection pulley 532 0778 10

Replaces several variants

Manufacturer: Freightliner, Mercedes,
Western Star

Engines: OM 470.9xx, OM 471.9xx,
OM 472.9xx, OM 473.9xx

Part no.: 532 0778 10

OE number: A 472 202 00 19
A 472 202 02 19
A 472 202 05 19

For current listing refer to catalogue media

Fig. 1: An example of a deflection pulley installed by the vehicle manufacturer

Fig. 2: Deflection pulley 532 0778 10

With the engines listed, the accessory system drive belt is subjected to different loads depending on the vehicle configuration. For that reason, the vehicle manufacturers have mounted various deflection pulleys with appropriately sized bearings.

Schaeffler Automotive Aftermarket offers a deflection pulley with a bearing that is designed for all vehicle configurations (Fig. 2).

It replaces all of the deflection pulleys associated with the OE numbers listed here.

Please observe the vehicle manufacturer specifications!
