Figure 2: New design

During the transition phase, stocks may become mixed with both new and old design parts.

Both versions meet the technical specifications and can be used without restriction.

Figure 1: Old design

As a result of continuous development of our products, deflection pulley (Fig. 1) with part no. 532 0780 10 has been modified.

The new design (Fig. 2) has a 4 mm wider running surface (Fig. 3) and is zinc plated.

Figure 3: Left – old design with 33mm running surface; right – new design with 37mm running surface

Please observe the vehicle manufacturer specifications!
