Timing chain kit 559 1780 30/559 1780 31

Different crankshaft gears

Manufacturer: Fiat, Mercedes-Benz, Nissan, Opel/Vauxhall, Renault

Models:

Fiat: Talento
 Mercedes-Benz: C-Class, Marco Polo Camper, Vito
 Nissan: NV300, Qashqai I & II, X-Trail III
 Opel/Vauxhall: Vivaro B
 Renault: Espace, Fluence, Kadjar, Koleos II, Megane III, Megane IV, Scenic III, Scenic IV, Talisman, Traffic III

Engines: R9M generation engines

Part no.: 559 1780 30
 559 1780 31

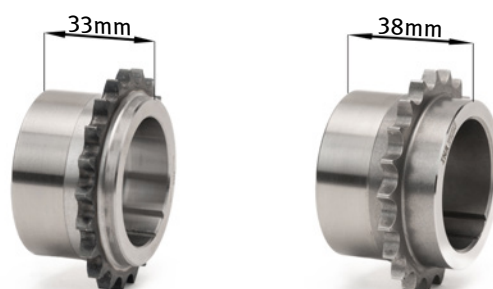

Figure 1: Crankshaft gear 554 0996 10 with a length of 33 mm (left) is part of timing chain kit 559 1780 30. Crankshaft gear 554 0101 10 with a length of 38 mm (right) is part of timing chain kit 559 1780 31

See parts catalog for current assignment

For the above-mentioned models, either part number 559 1780 30 or 559 1780 31 can be used as the timing chain kit. However, the vehicle manufacturers do not have a clear assignment with regard to the model year or engine number.

The contents of the two items are almost identical. The only difference is the crankshaft gear, which is available in two different sizes:

- Timing chain kit **559 1780 30** contains crankshaft gear **554 0996 10** with a length of **33 mm**.
- Timing chain kit **559 1780 31** contains crankshaft gear **554 0101 10** with a length of **38 mm**.

In practice, this means that the crankshaft gear installed in the vehicle must be inspected and its length measured before the repair. This is the only way to select the appropriate timing chain kit or the correct crankshaft gear.

Figure 2: Content of timing chain kits 559 1780 30 or 559 1780 31. The only difference is the crankshaft gear.

Please observe the vehicle manufacturer specifications!
