

# Technical Bulletin

## Mitsubishi Delica, L200, Pajero, Shogun - Rear Wheel Bearing Pre-Load

**Applicable References:** ADC48311

**Applications:** Delica 2.5DT 1989>1999, L200 2.0i 2.5D 2.5DT 1987>1996, Pajero 2.5DT 3.0 V6 1986>1993, Shogun 2.5DT 2.6DT 3.0i V6 1983>1991

**Date Issued:** 05/2003

It may be necessary on some vehicle fitments to re-shim the rear wheel bearing pre-load.

This is done with the use of shimming snap rings **A**, and shimming gaskets **B**.

These are not supplied in the wheel bearing kit and are not available from Blue Print.

For more information please refer to the workshop manual.
