

# NEW TO **RANGE**

**CONDENSER**

**AIR CONDITIONING**

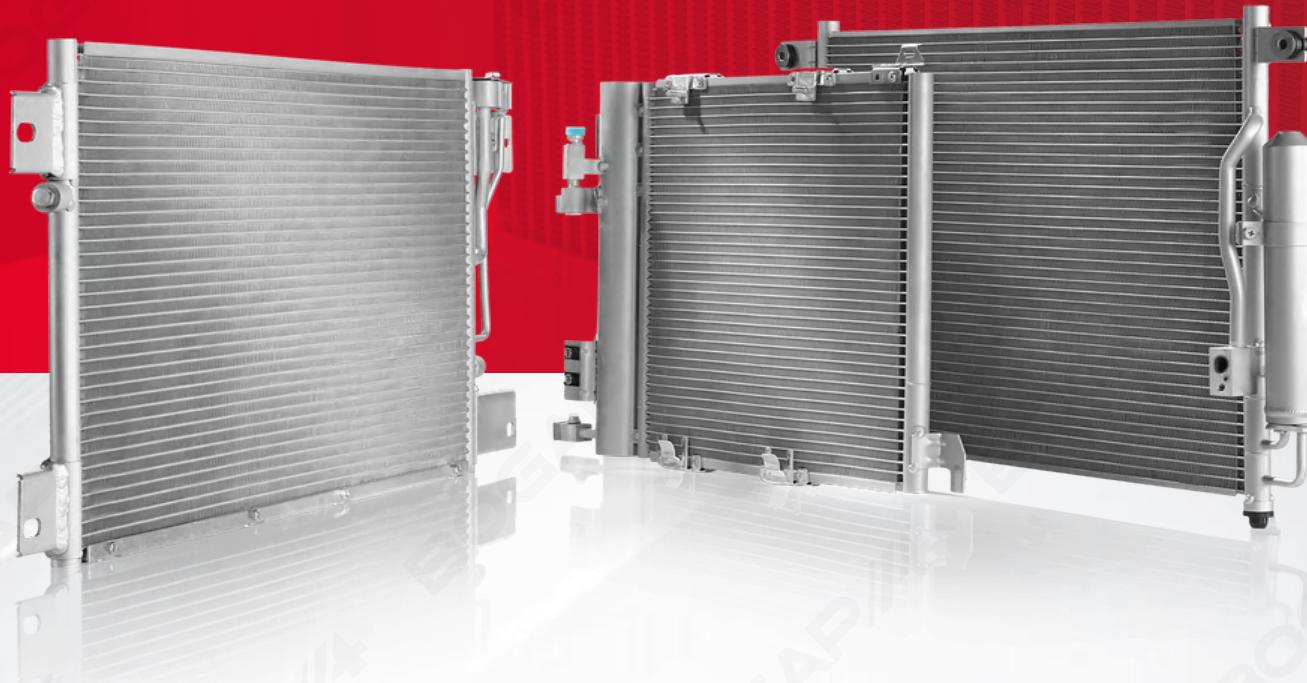

Engineered for  
Efficient Airflow

# CONDENSER AIR CONDITIONING

## OEM Quality

98% in-house production of components  
100% nitrogen protection during the brazing process  
100% helium leak test  
Aluminum with better performance in its class

High-density fins for higher cooling efficiency (+15%)

Microchannel flat tube, zinc sprayed surface

Precision mounting holes and bracket manufacturing

Integral Welding of Cylinder

Fully automatic laser welding
