

HIGH-PRECISION ELECTRIC MOTOR FOR POWER TAILGATES

The Silent Heart of Automotive
Tailgate Actuation Systems

Superior Power & Whisper-Quiet Performance

Powered by an automotive-grade imported IC chip, ensuring intelligent torque control and surge protection.

1:1 OE-Spec Engineering

Designed strictly to 1:1 original equipment dimensions, ensuring seamless integration into the actuator housing.

Industrial-Grade Durability & Safety

Built with reinforced internals and high-quality materials to withstand the rigors of daily use.
